

SySS GmbH

Tübingen, Frankfurt/M., Munich, Vienna

- SySS GmbH was founded in 1998 by computer scientist Sebastian Schreiber in order to offer high-quality security assessments. At present, SySS GmbH has about 160 employees of whom over 110 are solely occupied with security and penetration testing.
- Our customers are companies of all kinds and sizes.
- In 2022, turnover totalled 20 million EUR.
- We attach great importance on the fact to be product-independent, as this is the only way we can guarantee an objective provision of service. We only work as consultants and it is our only aim to support our customers in increasing their level of IT security sustainably.
- SySS GmbH is frequently present on national and international congresses giving special lectures, up to this day in Belgrade, Berlin, Bratislava, Bucharest, Budapest, Dublin, Helsinki, Kiev, Krakow, Las Vegas, Lisbon, Ljubljana, London, Moscow, Munich, Paris, Prague, Riga, Stockholm, Vienna, Zagreb.
- Our members of staff are often demanded as experts both in divers print media like Der Spiegel, Die Zeit, Financial Times Deutschland, Handelsblatt Journal, Stuttgarter Zeitung, Süddeutsche Zeitung, etc. and in broadcast and online media like ARD, Bayrischer Rundfunk, CHIP TV, FAZ.net, Hessischer Rundfunk, Mitteldeutscher Rundfunk, Pro7, RTL, Südwestrundfunk and ZDF.
