

SySS GmbH

Tübingen

- SySS GmbH was founded in 1998 by computer scientist Sebastian Schreiber in order to offer high-quality security assessments. At present, SySS GmbH has about 110 employees of whom over 60 are solely occupied with security and penetration testing.
- Our customers are companies of all kinds and sizes. Among them are, for instance, Basler Versicherungen, Bundeswehr, CreditPlus Bank AG, Daimler, Deutsche Bank, Deutsche Flugsicherung, Festo, Hewlett-Packard, Innenministerium/LKA Niedersachsen, SAP, Schaeffler, Schufa, T-Systems and Union Investment. Further reference customers can be found on SySS GmbH's homepage.
- We attach great importance on the fact to be product-independent, as this is the only way we can guarantee an objective provision of service. We only work as consultants and it is our only aim to support our customers in increasing their level of IT security sustainably.
- SySS GmbH is frequently present on national and international congresses giving special lectures, up to this day in Belgrade, Berlin, Bratislava, Bucharest, Budapest, Dublin, Helsinki, Kiev, Las Vegas, Lisbon, Ljubljana, London, Moscow, Munich, Paris, Prague, Riga, Stockholm, Vienna, Zagreb.
- Our members of staff are often demanded as experts both in divers print media like Der Spiegel, Die Zeit, Financial Times Deutschland, Stuttgarter Zeitung, Süddeutsche Zeitung, etc. and in broadcast and online media like ARD, CHIP TV, Hessischer Rundfunk, Pro7, RTL, Südwestrundfunk, SternTV and ZDF.
